V1

Spread some sunshine.

Spread a little bit of sunshine in this world
and let it glow.

Spread some happy.

Spread a little bit of happy in this world
and let it grow.

Spread some kindness.

Spread a little bit of kindness in this world
and let it go.

and everyone
can put a little joy in this world.
I said everyone
can put a little joy in this world.

V2

Spread some sunshine.

Spread a little bit of sunshine in this world
and let it glow.

Spread some happy.

Spread a little bit of happy in this world
and let it grow.

Spread some kindness.

Spread a little bit of kindness in this world
and let it go.

and everyone
can put a little joy in this world.
I said that everyone
can put a little joy in this world.

BRIDGE

Everybody knows it only takes a spark.

It takes one little seed that anyone can start.

All we really need to light some fire in our heart
is love.

V3

Spread some sunshine.

Spread a little bit of sunshine in this world
and let it glow.

Spread some happy.

Spread a little bit of happy in this world
and let it grow.

Spread some kindness.

Spread a little bit of kindness in this world
and let it go.

And everyone, oh everyone
can put a little joy into this world.

Oh because everyone, everyone
should know how much they matter to this
world.

Everyone, oh everyone
can put a little joy in this world.

Oh because everyone, everyone should know
how much they matter to this world.
