

Ants Can't Dance

Written by Greg Philby April 2025. Full permission granted for library and instructional use

(V1) Ants can work

Ants can think

They can smile

They can drink

Ants can climb around in your pants

But ants can't dance..

No, ants can't dance..

(chop wood)

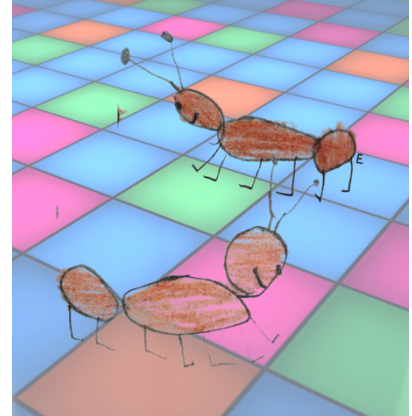

(thinking pose)

(smile)

(cup of water)

(scratch and wriggle)

(dance like an ant)

(Chorus) It's kind of sad...

With all that they can do...

Even with so many legs

They just can't find the groove...

(dance like an ant through full chorus)

(V2) Ants can wriggle

Ants can hop

They can turn in circles

And stop

But even with a fair chance

Ants can't dance...

No, ants can't dance...

(wriggle)

(hop)

(spin)

(freeze in position)

(dance like an ant)

(Chorus) It's kind of sad...

With so many feet...

Even when they really try

They just can't find the beat...

(dance like an ant through full chorus)

(V3) Ants can juggle

Stretch real far

They can probably

Drive a car.

But even with a fair chance

Ants can't dance..

No, ants can't dance...

No, ants.....can't dance

(juggle)

(reach!)

(steering wheel)

(dance like an ant)
