V1

The driver of the bus smiles at
each person every day.
No one seems to notice
but he does it anyway.
The teacher's staying late again
to help a child read.
The friend sticks by a person's side
and helps him to believe.

CHORUS

Everyone. Everyone
makes the world shine brighter
with a different color sun.
Everyone. Everyone
makes the world shine brighter
with a different color sun.

V2

The old musician takes his horn
and plays it on the street.
Makes music for the strangers
just to leave them more upbeat.
The artist paints so she can share
the happiness she feels.
The mother stands you up with love.
The nurse helps people heal.

CHORUS

Everyone. Everyone
makes the world shine brighter
with a different color sun.
Everyone. Everyone
makes the world shine brighter
with a different color sun.

V3

Every day the morning brings
a chance to shine anew.
Each day's an opportunity
to do what we can do.
All around this turning world—
all ages, race and size—
can be a light unique to them
and help the spirit rise.

CHORUS

Everyone. Everyone
makes the world shine brighter
with a different color sun.
Everyone. Everyone
makes the world shine brighter
with a different color sun.
Everyone. Everyone
makes the world shine brighter
with a different color sun.
Everyone. Everyone
makes the world shine brighter
with a different color sun.
