V1

One girl.
One May.
One grassy hill.
One perfect day.
One girl.
One sky.
All I need
to be alive.

CHORUS

Still the sun shines
on the moment in my mind.
Still the sun shines
on the perfect time.

V2

That girl.
That day.
All too soon
they went away.
And now
and then
I drift back
there again.

CHORUS

Still the sun shines
on the moment in my mind.
Still the sun shines
on the moment in my mind.

BRIDGE

Yeah it's shining blinding yearnin'
burnin'.
All my thoughts are tossed and turnin'.
I can't dream of anything
except for, girl, the dream of when
the sun shines
on the perfect time again.

V3

One girl.
One May.
One grassy hill.
One perfect day.
One girl.
One sky.
All I need
to be alive

OUTRO

One girl...
One girl...
