V1

Well, this ol' heart I mainly use
for likin' this and that.
I like to drive. I like French toast.
I like my fishin' cap.
But I haven't used it much to love
except for lovin' you.
So if you leave me take it please.
It won't have much to do.

CHORUS

I'll put it in a fancy breadbasket
or in a plastic cup.
I'll wrap it up in clover
and leave it in your truck.
Maybe that sounds crazy
and maybe that is true.
If you're ever gonna leave me honey
take my heart with you.

V2

I like a cup of coffee.
I like a nip of gin.
I like the way my slippers fit.
I like ESPN.
I kinda like a lot of things
and some things I adore.
But baby you're the only love
I've ever used it for.

CHORUS

I'll leave it in a pickle jar
outside your motel door.
Just throw it in your suitcase.
I won't need it anymore.
Maybe that sounds crazy
and maybe that is true.
If you're ever gonna leave me honey
take my heart with you.
If you're ever gonna leave me honey
take my heart with you.
