## V1

On a cold winter evening,  
under the stars  
the snow people gather  
from all of the yards.  
They shine in the stillness  
of frost-covered moon.  
All is so restful and  
all the world, abloom.

There is peace in wintertime.

## CHORUS

Sing hallelujah.  
Sing hallelujah.  
Sing hallelujah.  
Sing. Sing. Sing.

## V2

Old friends find new  
with a smile on their face.  
They dance cheek to cheek.  
Their twig arms embrace.  
Together in friendship  
they glide on the ice.  
Everything's magic  
and life can be so nice.

There is joy in wintertime.

## CHORUS

Sing hallelujah.  
Sing hallelujah.  
Sing hallelujah.  
Sing. Sing. Sing.  
Sing hallelujah.  
Sing hallelujah.  
Sing hallelujah.  
Sing. Sing. Sing.

## V3

Under the glitter of  
heaven and stars,  
the snow people swirl  
in their bright colored scarves.  
They celebrate happiness  
out in the snow.  
Even in winter a  
heart can be aglow.

There is love in wintertime.

## CHORUS

Sing hallelujah.  
Sing hallelujah.  
Sing hallelujah.  
Sing. Sing. Sing.  
Sing hallelujah.  
Sing hallelujah.  
Sing hallelujah.  
Sing. Sing. Sing.  
Sing hallelujah. (*sisters, brothers*)  
Sing hallelujah. (*neighbors, all of the others*)  
Sing hallelujah. (*the moon, the stars*)  
Sing. Sing. Sing. (*you can be happy whoever you  
are*)
