V1

Alone... ridin' on my own.
Travelin' on... now that you are gone.
Our trail... we burned it like a prairie blaze
so we ride... our sep'rate ways.

CHORUS

Well, yippee ki yay.
I've got my freedom now.
Had my back against a wall
and I turned around.
Movin' 'cross the plain with no direction.
Gazin' in a stream at a lone reflection.
Makin' my way day after day after day.
Well, yippee ki yay.

V2

(Whistling)
Plod along... goin' at an empty speed.
Rollin' on... like a tumbleweed.

CHORUS

Well, yippee ki yay.
I've got my freedom now.
Left the rocky trail behind
and I'm headin' down.
Lookin' at the sky with blue perception.
The horizon calls with cruel deception.
Makin' my way day after day after day.
Well, yippee ki yay.

V3

Alone... ridin' on my own.
Travelin' on... now that you are gone.
Wanderin' the land of introspection.
The twilight bruised like a recollection.
Makin' my way day after day after day.
Well, yippee ki yay.
