## V1

Across the oceans  
through all of time.  
Man's wandered in the sand  
to draw dividing lines.  
The poor get hungry.  
The rich get large.  
The ones who make the rules  
keep themselves in charge.

And nothing changes  
though new are born.  
They pick up all the things  
that fall from those before.  
We think we're better  
but here we are  
throwin' round the same old hurt  
bangin' drums of war.

## CHORUS

Haven't we learned by now?  
(I'm askin' you all)  
Haven't we learned by now?  
(I'm asking you all)  
Haven't we learned by now?  
The world turns with all humanity.  
With all. With all...

## V2

There's peace within us.  
A want of trust.  
If we can overcome  
the brokenness of us.  
The world it changes  
and stays the same.  
Ain't it time to stand  
and try another way.

## CHORUS

Haven't we learned by now?  
(I'm askin' you all)  
Haven't we learned by now?  
(I'm asking you all)  
Haven't we learned by now?  
The world turns with all humanity.  
With all. With all...

## REPRISE

Haven't we learned by now?  
(I'm askin' you all)  
Haven't we learned by now?  
(I'm asking you all)  
Haven't we learned by now?  
The world turns with all humanity.

With all.
