CHORUS

Cowboys and kindness and song.

Cowboys and kindness and song.

V1

Where are all the modern cowboys
standin' up to all the pain and noise.

Where's the heart to help us learn
or will we all just turn, turn, turn.

Give us courage to believe in
like Woody Guthrie and Peter Seeger.

Where are all the cowboys of today?

CHORUS

Cowboys and kindness and song.

Cowboys and kindness and song.

V2

We don't need to ride alone.

The air's alive with those before.

Givin' peace a chance to win,
it's blowin' in the wind.

There's power in the guitar strings
for freedom, justice, human beings.

Where are all the voices of today?

V3

If you ain't the fortunate one

we can all still overcome.

Imagine all the people 'n dreamers,
livin' side by side.

Is this land still your land?

Where have all the flowers gone?

All just waitin' for a song...

All just waitin' for a song...
