V1

I'll take a spoon and mixing bowl
and go outside some night.
And scoop out lots of creamy dark
and chunky stars of white.

V2

I'll pour the mixture in a pan.
Put it in to bake.
Soon I'll have a rich and fresh
dark-chocolate glitter cake.

V3

I'll cut myself a large, warm slice,
get a plate and spoon,
and serve it with a hearty scoop
of French Vanilla moon.
