Original work. Poem written 2021. Lyrics, chords and  
melody 2025.

## V1

It is like that dream when you are  
falling, falling...  
A sky and sea, depthless without end.

It is like that dream when you are  
flying, flying...  
You hope that you won't ever have to land.

## CHORUS

Sailing in a sea of sky.  
All the world, is all of you.  
It's like fallin', flying in love.  
If you ever truly do.

## V2

It is like that sense when you are  
sliding, sliding.  
The big ol' world just moves you on its own.

It is like the sense when you are  
Livin', livin'...  
There's no existence but right here, right now.

## BRIDGE

Ohhhh, take note.  
Ohhhh, soak it in.  
Ohhhh, let go.  
Ohhhh, all in.

## CHORUS

Sailing in a sea of sky.  
All the world, is all of you.  
It's like falling, flying in love.  
If you ever truly do.  
Sailing in a sky of sea.  
Your soul is gold in all the blue.  
It's like falling, flying in love.  
If you ever truly do.  
(if you ever truly do...)
