V1

There's water on the floor.
Don't step there anymore!
Put your right foot out
Splash it all around.
Dip your left toe in
Give a little spin.

Oh no it's getting deep!
Swim to safety!
Swim swim swim
'til you find a place to be
Wait a minute! It's not water!

V2

There's lava on the floor.
Don't step there anymore!
Hold your right foot in the air.
Don't put it anywhere!
Lift your left foot too.
Well that won't do.

Oh no it's getting hot!
Hop across the rocks!
Hop hop hop
Till you find a place to stop.
Wait a minute! It's not lava!

V3

There's bananas on the floor
Don't step there anymore!
Go slow and carefully.
It's dangerous as can be!
Your right foot is slipping
Now your whole body's tripping.

Slide across the place
Don't fall on your face.
Slide slide slide
Till you find somewhere that's safe.
Wait a minute! It's not bananas!

V4

There's bubblegum on the floor.
Don't step there anymore!
It's very very sticky
And also kinda icky!
Your feet are stuck like glue.
You can't even move!

You're leaning like a scarecrow
Waving arms about.
Flap flap flap
Till you finally can get out.
Wait a minute! It's not bubblegum!

V5

There's nothing on the floor
You have freedom to explore.
You can paddle 'cross the ocean
Or walk in slow motion.
You can do a silly prance.
Or a robot dance.

You can do some jumping jacks.
Or maybe just relax.
You could keep on having fun
except...
now the song is done.
