V1

She always enters with a shock of grace.

Leaves broken hearts all over the place.

She's all the fashion and all the rage.

Meets the boys with sweetness while she drives them all insane.

V2

She talks with class and she moves with style.

She lights the room with a flick of a smile.

At half past jazz, she's a real live wire.

She plays it cool while cruelly setting all the hearts on fire.

CHORUS

There goes my baby.

She drives me crazy.

I don't mean maybe

Says all the guys through all of time whose hearts were driven mad.

Oh my love

Oh my love

Oh my love

Oh my love

REPEAT ALL
